[Zoom meeting Link](#)

As we approach the end of a very challenging year, Rx Safe Humboldt and The Humboldt Community Health Trust are looking forward to 2021, with optimism and hope. We want to thank all of you that have continued the work to support initiatives that prevent overdose and adverse outcomes from opioids and other substances. It is because of you that we have continued hope.

As the plan for COVID-19 vaccination is starting to be rolled out, we look forward to the time when we can all come together in person. Until then, please continue to do your part to stop the spread.

Rx Safe Humboldt Coalition Meeting

The Coalition will be meeting on January 22, 2021 at 8:30am. At this meeting a team from Med-Project will be sharing with us some exciting updates regarding medication disposal.

Med-Project is directly involved with SB 212, which is the legislation regarding producer responsibility and medication and sharps disposal. Med-Project will be discussing how Humboldt County can transition our current medication disposal bins to Med-Project bins, which will ensure the long term sustainability of medication disposal in Humboldt County.

We encourage anyone who is currently involved with medication disposal or is interested in learning more about this program, to join the January 22 Coalition meeting.
