Prenatal MAT Program

Open Door Community Health Centers

R SAFE
X HUMBOLDT
Safer Care and Better Outcomes

October 2020

Dear Colleagues,

I would like to let you know a couple things about the prenatal MAT program and the Downtown site that we are currently working to open. The Prenatal MAT program brings MAT services to areas that have been overly stigmatized for a population that needs our support more than ever. If someone becomes pregnant they often feel they have nowhere to go for prenatal services, due to the fears of losing their child suffering from a disease that is treatable. We have three sites open and are providing this service now:

- **NorthCountry Prenatal Services 822-1385**
- **Eureka Prenatal Services 443-4666**
- **Fortuna Prenatal Services 725-6101 or 725-4477**

The newly developing Downtown site is a place where we are revamping the MAT program by greatly increasing Behavioral Health services. We will be offering a wider variety of groups and support services with a focus on past trauma related issues. More information to come as we develop this new site!

*Thank you for your support of our community,
Glen Hays
